Víctor M. Guardia Fiestas

Political Scientist | Public Management & Data Analysis | Evidence-Based Public Policy

Lima, Peru · +51 957 451 582 · victor.guardiaf@gmail.com

PROFESSIONAL PROFILE

Political scientist with over ten years of experience in public management and international cooperation, combining the management of social and health programs for vulnerable populations with data analysis to monitor results and support decisions. Has provided technical assistance to regional and local governments, monitored indicators and data quality, and coordinated field interventions with government entities (MIDIS, MINSA, INABIF, SERVIR) and organizations such as UNESCO, GIZ and the United Nations.

KEY SKILLS

- Technical assistance to regional and local governments
- Inter-institutional and intergovernmental coordination
- Program supervision and tracking of targets and indicators
- Social programs, social protection and public health
- Technical reports and information systematization
- Identification of operational gaps and process improvement
- Project management
- Evidence-based public policy design
- Agentic data analysis

PROFESSIONAL EXPERIENCE

Consultant | **ATIPAY Innovación para la Gestión** *Jun 2026 – Present*

- Coordinate the administrative, logistical and financial aspects of the project "Strengthening the capacities of public servants and private actors in Results-Based Management and Budgeting", implemented with the Children's Investment Fund Foundation (CIFF).

Consultant | **Ministry of Health (MINSA)** *Apr 2024 – Mar 2026*

- Provided technical assistance to sector teams to improve processes and implement health information systems.
- Monitored indicators and data quality to support decision-making in interventions targeting vulnerable populations.
- Coordinated with technical units and institutional stakeholders to apply guidelines and operational improvements.

Safety, Health and Environment Coordinator | **Nestlé Perú S.A.** *Feb 2023 – Mar 2024*

- Oversaw the implementation of occupational safety and health interventions, ensuring compliance with standards and continuous improvement.
- Tracked indicators, identified risks and carried out corrective actions together with operational teams.

Public Policy Specialist | **Ministry of Development and Social Inclusion (MIDIS)** *Aug 2019 – Feb 2023*

- Provided technical assistance and support to regional and local governments in implementing social interventions for vulnerable populations.
- Supported the design of policies and interventions in the context of the pandemic and for early childhood.
- Monitored the execution of interventions, identified gaps and proposed improvements.
- Coordinated with implementing entities and local stakeholders to ensure the quality and alignment of interventions.
- Prepared technical reports and systematized information to inform decisions and improve programs.

Consultant | **German Development Cooperation – GIZ Peru** *Feb 2019 – May 2019*

- Analyzed operational processes in health services and identified inefficiencies and opportunities for improvement.
- Generated technical evidence to optimize service delivery, in coordination with regional stakeholders.

Consultant | **National Comprehensive Program for Family Welfare (INABIF)** *Oct 2018 – Dec 2018*

- Supported the design and implementation of management commitments with regional governments to prevent violence against women and family members.
- Coordinated with subnational actors to strengthen the execution of interventions financed with public resources.

Consultant | **Ministry of Health (MINSA)** *Apr 2017 – Dec 2018*

- Coordinated the implementation of the sectoral intercultural health policy, with a priority focus on Indigenous peoples in isolation and initial contact, and on native communities.
- Coordinated health interventions with regional, local and civil society actors in highly vulnerable contexts.
- Monitored activities and provided technical support in the field.

Junior Advisor | **Ministry of Development and Social Inclusion (MIDIS)** *Oct 2015 – Dec 2016*

- Provided technical support to the Vice Ministry of Social Policy and Evaluation and to the Performance Incentive Fund, including tracking of indicators and targets.
- Prepared technical, statistical and regulatory inputs for decision-making.
- Took part in coordination and negotiation with regional governments to implement interventions.

Consultant | **National Civil Service Authority (SERVIR)** *Jul 2015 – Sep 2015*

- Developed a methodological proposal to incorporate an intercultural approach into the definition of functions for the knowledge assessment of the National System for Development and Social Inclusion (SINADIS).
- Supported the call for applications to the Management Development Program and to training programs of three administrative systems.

Volunteer Researcher (UNV) | **UN Department of Economic and Social Affairs (UN DESA)** *Apr 2015 – Aug 2015*

- Collected and analyzed information on e-government from the digital portals of different levels of government in Costa Rica, Mexico and Paraguay for the 2016 United Nations E-Government Survey.

Intern / Consultant | **UNESCO** *Nov 2013 – Jan 2015*

- Coordinated the implementation of projects in the Natural Sciences sector: the International Hydrological Programme and the Man and the Biosphere Programme.
- Served as national focal point for the 20th Conference of the Parties (COP 20) to the UN Framework Convention on Climate Change, providing logistical and technical support.
